Message from the CEO

Dear Valued Clients and Partners,

Welcome to ARKAAN CONSTRUCTION COMPANY, and thank you for taking the time to learn more about our organization.

At ARKAAN, we are driven by a commitment to excellence, integrity, and innovation. Since our establishment, our mission has been to deliver reliable construction and manpower solutions that meet the highest standards of quality, safety, and operational performance. We believe that every successful project is built on trust, collaboration, and a clear understanding of our clients' objectives.

Our success is founded on the dedication of our experienced professionals, the strength of our partnerships, and our unwavering focus on customer satisfaction. By combining technical expertise with efficient project execution, we consistently deliver solutions that create long-term value for our clients across diverse industries.

As we continue to grow, we remain committed to adopting modern technologies, enhancing our capabilities, and maintaining the highest standards of Health, Safety, Quality, and Environmental (HSQE) practices. Our goal is not only to meet expectations but to exceed them through professionalism, accountability, and continuous improvement.

We sincerely appreciate the trust our clients and partners place in us and look forward to building lasting relationships based on mutual success. Together, we will continue to contribute to the development of sustainable infrastructure and support the industrial growth of the Kingdom of Saudi Arabia.

Thank you for your confidence in ARKAAN CONSTRUCTION COMPANY. We look forward to being your trusted partner in delivering excellence.

Best Regards,

Chief Executive Officer (CEO)

ARKAAN CONSTRUCTION COMPANY

ARKAAN

About Us

ARKAAN CONSTRUCTION COMPANY is a leading construction and manpower solutions provider committed to delivering high-quality engineering, construction, and workforce services across the Kingdom of Saudi Arabia. We serve the oil & gas, petrochemical, power, infrastructure, manufacturing, and commercial sectors with reliable and cost-effective solutions.

Established with a vision to support industrial and infrastructure development, ARKAAN combines technical expertise, operational excellence, and industry best practices to meet the evolving needs of its clients. Our focus is on delivering projects safely, efficiently, and in compliance with international quality standards.

Our construction capabilities include civil, structural, architectural, mechanical, and industrial works, supported by experienced engineers, project managers, supervisors, and skilled technical personnel. Every project is executed with careful planning, quality workmanship, and strict adherence to project schedules.

In addition to construction services, we provide comprehensive manpower solutions by supplying qualified engineers, technicians, supervisors, operators, skilled tradesmen, and administrative professionals. Our recruitment process ensures that every candidate is carefully assessed to meet the technical, safety, and operational requirements of our clients.

Health, Safety, Environment (HSE), and quality management are fundamental to our operations. We are committed to maintaining safe working environments, regulatory compliance, and continuous improvement across every project we undertake.

Our integrated approach enables clients to benefit from a single, dependable partner capable of delivering both construction execution and workforce support. This allows us to provide flexible and scalable solutions for projects of all sizes.

At ARKAAN, we believe that long-term success is built on trust, integrity, transparency, and consistent performance. We work closely with our clients to understand their objectives and deliver solutions that create measurable value.

Driven by professionalism and innovation, ARKAAN CONSTRUCTION COMPANY continues to strengthen its reputation as a reliable partner for construction and manpower services, contributing to the sustainable growth of industries and communities throughout the region.

Our Vision

ARKAAN CONSTRUCTION COMPANY aspires to be a recognized leader and preferred partner in Saudi Arabia's construction and manpower sectors by consistently delivering excellence, reliability, and value. Aligned with Saudi Vision 2030, we are dedicated to driving infrastructure and industrial development while supporting sustainable economic growth through high-quality project execution and skilled workforce solutions.

Grounded in quality, safety, and environmental stewardship, our operations adhere to the highest engineering and operational standards. Through technical excellence, innovation, and strong client partnerships, we strive to build long-term relationships and set the industry benchmark for integrity and dependable service.

Our Mission

Our mission is to deliver high-quality, reliable construction and manpower solutions through technical excellence, operational efficiency, and unwavering integrity. Dedicated to supporting Saudi Arabia's industrial and economic growth, we execute commercial, industrial, and infrastructure projects with precision, cost-effectiveness, and strict compliance with Health, Safety, Quality, and Environmental (HSQE) standards.

By deploying skilled, highly qualified personnel and adopting modern, innovative construction practices, we ensure projects are completed safely, on time, and within budget. We aim to build long-term partnerships rooted in trust and continuous improvement, delivering sustainable value for our clients and benchmark quality across every endeavor.

Our Values

At ARKAAN CONSTRUCTION COMPANY, our core values define our culture, guide our decisions, and shape the way we conduct business with our clients, employees, and partners.

Integrity

We conduct our business with honesty, transparency, and ethical practices, building long-term relationships based on trust and accountability.

Quality

We are committed to delivering superior workmanship and services that consistently meet or exceed client expectations while complying with international quality standards.

Safety

Safety is our highest priority. We maintain a strong Health, Safety, and Environmental (HSE) culture to ensure a safe and healthy workplace for our employees, clients, and stakeholders.

Reliability

We honor our commitments by delivering dependable services, skilled resources, and timely project execution with consistency and efficiency.

Professionalism

We uphold the highest standards of competence, discipline, and respect in every aspect of our operations, ensuring excellence in management, supervision, and workforce performance.

Compliance

We strictly adhere to the laws and regulations of the Kingdom of Saudi Arabia, client specifications, contractual obligations, and industry best practices to ensure full compliance across all our operations.

Civil & Construction

General Construction

ARKAAN CONSTRUCTION COMPANY provides complete general construction services for residential, commercial, industrial, and institutional developments. From project planning and site preparation to final handover, we ensure every project is executed with quality workmanship, strict safety standards, and full compliance with Saudi Building Code (SBC) requirements and client specifications.

Civil Work

We undertake a wide range of civil engineering works, including site preparation, earthworks, excavation, grading, reinforced concrete structures, foundations, concrete casting, plastering, kerbstone installation, interlock works, retaining walls, and drainage systems. Our civil construction services support industrial plants, commercial facilities, infrastructure, and government projects throughout the Kingdom.

Building Construction

Our building construction services cover the complete execution of villas, residential compounds, office buildings, warehouses, factories, workshops, schools, hospitals, and commercial complexes. We manage every stage of construction with experienced engineers and project teams, ensuring timely completion, quality assurance, and compliance with Saudi regulations.

Building Renovation & Remodeling

We provide renovation, refurbishment, and remodeling solutions for residential, commercial, and industrial facilities. Our services include structural modifications, interior upgrades, space optimization, façade improvements, repairs, and modernization works while ensuring minimal disruption to ongoing operations.

Civil & Construction

Finishing Works

Our finishing division delivers high-quality interior and exterior finishing services, including plastering, painting, ceramic and porcelain tiling, marble and granite installation, gypsum ceilings, partition systems, decorative finishes, waterproofing, insulation, aluminum works, glass installation, doors, windows, and carpentry. Every finishing project is completed with attention to detail and premium workmanship.

Maintenance Services

We offer preventive, corrective, and scheduled maintenance services for industrial facilities, commercial buildings, residential properties, and infrastructure assets. Our maintenance solutions include civil repairs, building restoration, waterproofing, flooring repairs, painting, structural maintenance, and facility support to maximize asset life and operational efficiency.

Infrastructure Works

Our building construction services cover the complete execution of villas, residential compounds, office buildings, warehouses, factories, workshops, schools, hospitals, and commercial complexes. We manage every stage of construction with experienced engineers and project teams, ensuring timely completion, quality assurance, and compliance with Saudi regulations.

Industrial & Commercial Construction

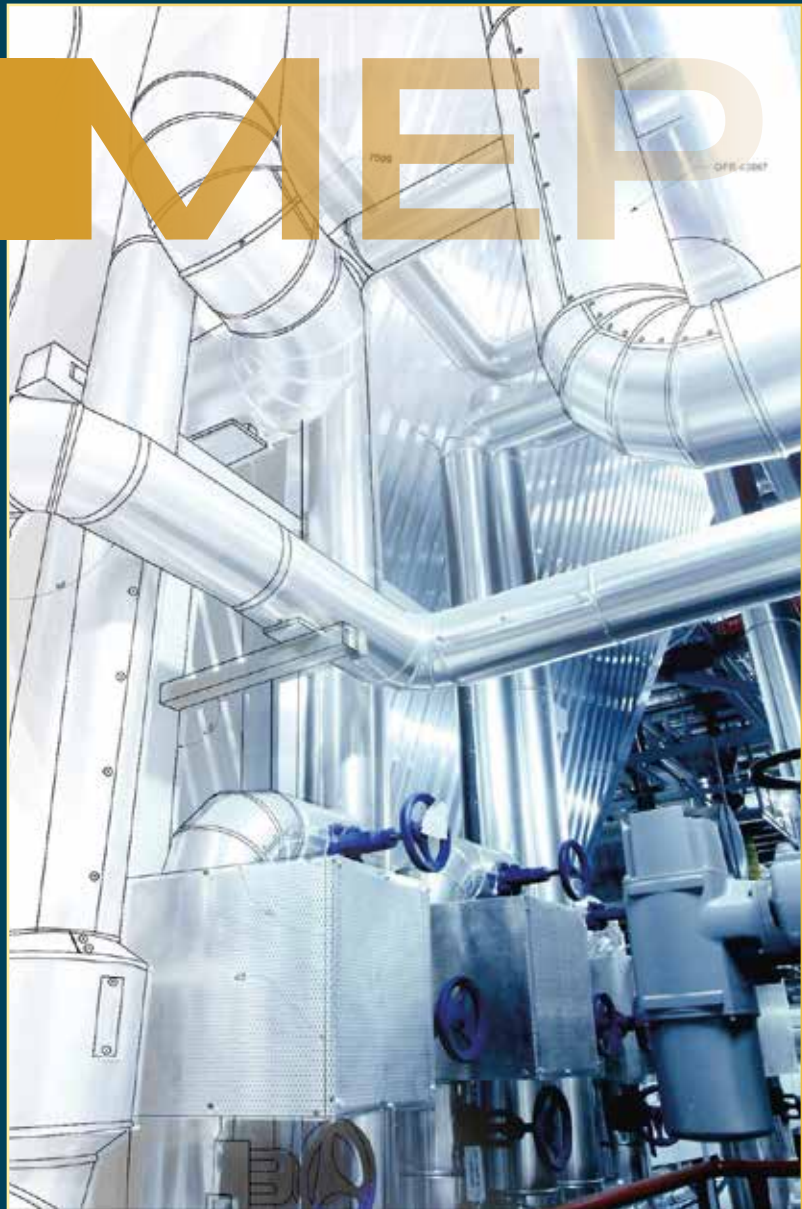

We provide renovation, refurbishment, and remodeling solutions for residential, commercial, and industrial facilities. Our services include structural modifications, interior upgrades, space optimization, façade improvements, repairs, and modernization works while ensuring minimal disruption to ongoing operations.

MEP

(Mechanical, Electrical & Plumbing)

Mechanical Works

Our finishing division delivers high-quality interior and exterior finishing services, including plastering, painting, ceramic and porcelain tiling, marble and granite installation, gypsum ceilings, partition systems, decorative finishes, waterproofing, insulation, aluminum works, glass installation, doors, windows, and carpentry. Every finishing project is completed with attention to detail and premium workmanship.

& Maintenance

Mechanical, Electrical & Plumbing

Electrical Installation & Maintenance

Our electrical services cover complete power distribution systems, cable laying, cable tray installation, panel installation, lighting systems, power outlets, earthing and grounding, low-voltage systems, and electrical maintenance. We ensure all installations comply with the Saudi Building Code (SBC), SEC requirements, and applicable international standards.

Plumbing, Drainage & Water Supply Systems

We design, install, and maintain plumbing and drainage systems for residential, commercial, and industrial facilities. Our services include potable water supply networks, drainage pipelines, sanitary systems, sewage connections, stormwater drainage, water storage tanks, pumps, and related plumbing infrastructure.

HVAC Installation & Support Services

We provide HVAC installation and support services, including ductwork installation, ventilation systems, air conditioning units, chilled water piping support, exhaust systems, and routine maintenance. Our team ensures efficient system performance, energy optimization, and compliance with project specifications.

Testing, Commissioning & Maintenance

We offer testing, commissioning, inspection, and preventive maintenance services for Mechanical, Electrical, and Plumbing systems to ensure reliable operation and compliance with project requirements. Our engineers conduct system verification, functional testing, troubleshooting, performance evaluation, and maintenance support to maximize system efficiency and operational reliability.

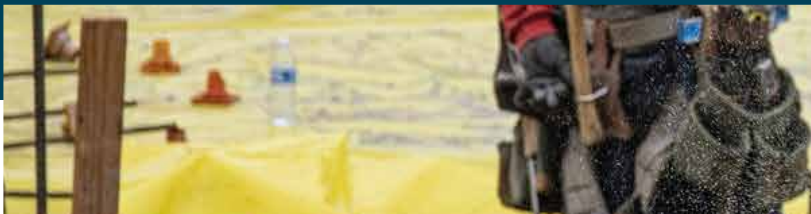

MANPOWER SUPPLY

Skilled Construction Manpower

We provide highly skilled and experienced construction professionals to support civil, industrial, commercial, and infrastructure projects across the Kingdom of Saudi Arabia.

Our workforce includes masons, carpenters, steel fixers, shuttering carpenters, electricians, plumbers, welders, fabricators, painters, scaffolders, tile masons, HVAC technicians, and other certified tradesmen. All personnel are selected based on technical competence, experience, and compliance with client and project requirements.

Manpower Supply

Semi-Skilled & General Workforce

We supply reliable semi-skilled and general labor to support construction, industrial, manufacturing, warehouse, and logistics operations. Our workforce is trained to assist in site activities, material handling, equipment support, loading and unloading, housekeeping, and general operational tasks while maintaining productivity and workplace safety.

Construction Helpers & Site Support Staff

Our construction helpers and support personnel assist skilled trades and project teams in day-to-day site operations. We provide helpers, flagmen, store assistants, watchmen, logistics assistants, and other support staff to ensure smooth project execution and efficient workforce coordination.

Cleaning & Housekeeping Manpower

We provide professional male and female cleaning personnel for commercial buildings, industrial facilities, offices, residential compounds, hospitals, educational institutions, and public facilities. Our housekeeping teams are trained to maintain clean, safe, and hygienic environments in accordance with client standards and operational requirements.

Project-Based & Contract Manpower Supply

We offer flexible manpower solutions tailored to project requirements, including short & long-term, and project-based staffing. Whether supporting shutdowns, plant turnarounds, maintenance, peak workloads, or large-scale construction projects, we deliver qualified personnel with rapid mobilization with Saudi labor regulations and client specifications.

Manpower Categories

ARKAAN CONSTRUCTION COMPANY provides qualified and experienced manpower to support construction, industrial, commercial, and facility management projects across the Kingdom of Saudi Arabia. Our workforce is carefully selected to ensure technical competence, productivity, and compliance with client and project requirements.

Dedicated Cleaning Services

General Cleaning Services

We provide professional cleaning services for offices, commercial buildings, residential compounds, industrial facilities, educational institutions, healthcare facilities, and public spaces. Our trained cleaning personnel ensure a clean, hygienic, and well-maintained environment that meets client expectations and industry standards.

Industrial & Site Cleaning

Our industrial cleaning services are designed for factories, warehouses, workshops, construction sites, and production facilities. We perform cleaning of work areas, equipment surroundings, storage areas, and common facilities while adhering to strict Health, Safety, and Environmental (HSE) requirements.

Post-Construction Cleaning

We offer comprehensive post-construction cleaning services to prepare newly completed or renovated facilities for occupancy and handover. Our services include removal of construction debris, dust cleaning, glass cleaning, surface polishing, and detailed interior and exterior cleaning to ensure the premises are ready for operation.

Routine & Periodic Cleaning Services

We provide flexible daily, weekly, monthly, and scheduled cleaning programs tailored to the operational needs of our clients. Our routine maintenance services help maintain cleanliness, improve workplace hygiene, and support a safe and productive working environment.

Specialized Cleaning Manpower

We deploy trained and experienced cleaning personnel to meet specific client requirements across commercial, industrial, hospitality, healthcare, and institutional sectors. Whether for long-term contracts, short-term assignments, our cleaning teams are mobilized efficiently and managed to deliver consistent, high-quality service while complying with Saudi labor regulations and HSE standards.

Cleaning Services Scope Matrix

Office & Commercial Facilities

We provide comprehensive cleaning services for corporate offices, commercial buildings, shopping centers, retail outlets, banks, educational institutions, and administrative facilities, ensuring a clean, hygienic, and professional working environment.

Scope of Services

- ★ Daily, weekly, monthly, and periodic cleaning services
- ★ Floor sweeping, mopping, scrubbing, polishing, and maintenance
- ★ Glass, window, and facade cleaning (internal)
- ★ Restroom cleaning, sanitization, and replenishment of consumables
- ★ Reception areas, meeting rooms, workstations, and common area cleaning
- ★ Pantry and cafeteria cleaning
- ★ Dusting and disinfection of furniture, equipment, and high-touch surfaces
- ★ Waste collection, segregation, and disposal in accordance with client and municipal requirements
- ★ Carpet vacuuming and upholstery cleaning
- ★ Staircase, corridor, and elevator cleaning
- ★ Emergency cleaning support and special event cleaning upon request

Industrial & Site Cleaning

We provide professional industrial and site cleaning services for construction sites, factories, warehouses, workshops, manufacturing facilities, and logistics centers. Our trained cleaning teams maintain clean, safe, and organized work environments while complying with client requirements and Health, Safety, and Environmental (HSE) standards.

Scope of Services

- ★ Cleaning of workshops, warehouses, factories, and industrial facilities
- ★ Construction site cleaning and housekeeping
- ★ Removal of construction debris and non-hazardous waste materials
- ★ Cleaning of production areas, storage facilities, and utility rooms
- ★ Internal roads, walkways, loading bays, and yard cleaning
- ★ Dust control and general housekeeping during project execution
- ★ Cleaning support during plant operations, maintenance, shutdowns, and turnaround activities
- ★ Equipment surroundings and work area cleaning
- ★ Waste collection, segregation, and disposal in accordance with site procedures
- ★ Periodic deep cleaning and scheduled maintenance cleaning services

Post-Construction Cleaning

We provide comprehensive post-construction cleaning services to prepare newly completed buildings and facilities for client handover and occupancy. Our experienced cleaning teams ensure that every area is thoroughly cleaned, inspected, and presented to the highest standards, creating a safe and professional environment ready for operation.

Scope of Services

- ★ Removal of construction dust, cement residue, paint splashes, adhesives, and debris
- ★ Detailed cleaning of floors, walls, ceilings, doors, windows, and glass surfaces
- ★ Cleaning and polishing of tiles, marble, granite, and other finished surfaces
- ★ Cleaning of sanitary fixtures, kitchens, and utility areas
- ★ Interior and exterior cleaning of completed buildings
- ★ Removal and disposal of non-hazardous construction waste
- ★ Final touch-up cleaning prior to project handover
- ★ Final presentation cleaning for client inspection, snagging, and occupancy
- ★ Deep cleaning of common areas, staircases, corridors, and entrances
- ★ Cleaning support to ensure the facility is ready for commissioning and operational use

HSE - Cleaning Services

At ARKAAN CONSTRUCTION COMPANY, Health, Safety, and Environmental (HSE) compliance is an integral part of our cleaning operations. We are committed to providing cleaning services that protect our employees, clients, and the environment while ensuring full compliance with Saudi regulations and client-specific HSE requirements.

Scope of Services

- ★ Cleaning of workshops, warehouses, factories, and industrial facilities
- ★ Construction site cleaning and housekeeping
- ★ Removal of construction debris and non-hazardous waste materials
- ★ Cleaning of production areas, storage facilities, and utility rooms
- ★ Internal roads, walkways, loading bays, and yard cleaning
- ★ Dust control and general housekeeping during project execution
- ★ Cleaning support during plant operations, maintenance, shutdowns, and turnaround activities
- ★ Equipment surroundings and work area cleaning
- ★ Waste collection, segregation, and disposal in accordance with site procedures
- ★ Periodic deep cleaning and scheduled maintenance cleaning services

Our Resources & Capabilities

ARKAAN CONSTRUCTION COMPANY is equipped with the resources, technical expertise, and operational capabilities to successfully execute projects of varying sizes across the Kingdom of Saudi Arabia. Our experienced workforce, efficient project management, and commitment to quality enable us to deliver reliable solutions that meet client expectations.

Our Capabilities

- ★ Experienced project managers, site engineers, qualified supervisors, and skilled technical workforce
- ★ Certified and trained construction personnel for civil, mechanical, electrical, plumbing, and industrial projects
- ★ Availability of essential construction tools, equipment, and site support resources for efficient project execution
- ★ Rapid manpower mobilization and deployment to meet short-term, long-term, and project-based requirements
- ★ Well-structured workforce planning and resource management to ensure timely project delivery
- ★ Compliance with Saudi labor laws, Ministry regulations, and client-specific workforce requirements
- ★ Strict adherence to Health, Safety, Quality, and Environmental (HSQE) standards across all operations
- ★ Ability to support industrial shutdowns, maintenance projects, infrastructure developments, and commercial construction works
- ★ Commitment to delivering reliable, cost-effective, and client-focused solutions with the highest standards of professionalism.

Health, Safety & Quality Commitment

At ARKAAN CONSTRUCTION COMPANY, Health, Safety, Quality, and Environmental (HSQE) excellence is a core value. We strictly adhere to Saudi regulations, client requirements, and international standards through a proactive management system.

Full Compliance: Adhering to all Saudi laws, regulations, and client HSQE standards.

Safety First: Mandatory HSE inductions, daily toolbox talks, and continuous training.

Protection & Gear: Enforcing 100% PPE usage and proactive risk assessments with preventive controls.

Quality Assurance: Executing work to technical specs with continuous inspections and engineering best practices.

Environmental Care: Responsible waste management and sustainable operational practices.

Zero Incidents: Striving for zero accidents through continuous improvement and accountability.

Our Clients & Industry Footprint

Our Core Clients & Markets Served

ARKAAN CONSTRUCTION COMPANY proudly serves a diverse portfolio of clients across the public and private sectors, delivering reliable construction, manpower, MEP, and support services tailored to the unique requirements of each industry.

Government Sector

We support government ministries, municipalities, authorities, and public institutions by delivering construction, maintenance, and workforce solutions in accordance with Saudi regulations and project specifications.

Semi-Government Organizations

We partner with semi-government entities, public corporations, and development authorities, providing dependable construction and technical services that contribute to national infrastructure and industrial development.

Private Sector Companies

We work closely with private developers, EPC contractors, consultants, and corporate organizations, delivering cost-effective construction, MEP, maintenance, and manpower solutions for projects of all sizes.

Industrial & Commercial Facilities

Our services extend to oil & gas, petrochemical, manufacturing, logistics, power, warehousing, retail, healthcare, hospitality, educational, and commercial facilities. We provide specialized project support, skilled manpower, and maintenance services to ensure safe, efficient, and uninterrupted operations.

Why Choose ARKAAN

At **ARKAAN CONSTRUCTION COMPANY**, we are committed to delivering reliable, safe, and cost-effective solutions that add value to every project. Our combination of technical expertise, experienced professionals, and customer-focused approach makes us a trusted partner for construction, MEP, cleaning, and manpower services across the Kingdom of Saudi Arabia.

Why Partner with Us

Reliable Construction & Manpower Solutions

Comprehensive construction, MEP, cleaning, and workforce services delivered with consistency, efficiency, and professionalism.

Experienced & Skilled Workforce

Qualified engineers, supervisors, technicians, and skilled tradesmen selected to meet the highest industry and client standards.

Commitment to Quality & Safety

Strict adherence to Health, Safety, Quality, and Environmental (HSQE) standards, ensuring safe operations and superior workmanship on every project.

Timely Project Execution

Effective planning, resource management, and rapid manpower mobilization to deliver projects on schedule and within budget.

Transparent & Ethical Business Practices

We conduct our business with integrity, accountability, and open communication, fostering long-term relationships built on trust.

Customer-Focused Approach

We work closely with our clients to understand their objectives and deliver customized solutions that meet their operational and project requirements.

Compliance & Professional Excellence

Full compliance with Saudi regulations, client specifications, and industry best practices while maintaining the highest standards of professionalism.

Deployment Capability

ARKAAN CONSTRUCTION COMPANY offers flexible and efficient manpower deployment solutions to meet the workforce demands of construction, industrial, commercial, and maintenance projects across the Kingdom of Saudi Arabia. Our structured mobilization process ensures that qualified personnel are deployed promptly while maintaining full compliance with Saudi labor regulations and client requirements.

Our Deployment Capabilities

Short-Term & Long-Term Manpower Deployment

Provision of qualified personnel for temporary assignments, long-term contracts, maintenance activities, and ongoing operational support.

Project-Based Mobilization

Rapid mobilization of skilled, semi-skilled, and professional manpower for construction projects, industrial shutdowns, plant turnarounds, commissioning activities, and peak workload requirements.

Replacement & Attendance Management

Efficient workforce management including employee replacement, attendance monitoring, leave coordination, and continuous manpower availability to maintain uninterrupted project operations.

Compliance & Workforce Administration

Full compliance with Saudi labor laws, Ministry of Human Resources & Social Development (MHRSD) regulations, GOSI requirements, and client-specific policies. We ensure all deployed personnel possess valid documentation, certifications, medical fitness, and safety training as required.

Scalable Workforce Solutions

Flexible manpower deployment tailored to project size, duration, and operational requirements, enabling clients to efficiently scale their workforce based on project demands.

Our commitment to timely mobilization, workforce reliability, and professional management enables clients to execute projects efficiently while maintaining productivity, quality, and regulatory compliance.

Manpower Compliance

At **ARKAAN CONSTRUCTION COMPANY**, we are committed to supplying qualified and compliant manpower that meets the highest standards of professionalism, safety, and regulatory compliance. Every employee is deployed in accordance with Saudi labor regulations, client specifications, and industry best practices to ensure safe and efficient project execution.

Compliance Standards

Full compliance with the **Kingdom of Saudi Arabia Labor Law** and Ministry of Human Resources & Social Development (MHRSD) regulations.

Adherence to client-specific HSE policies, site regulations, and project requirements.

Compliance with **Saudi Aramco, Royal Commission for Jubail & Yanbu (RCJY)**, and other applicable industrial standards where required.

Verification of employee qualifications, trade certifications, and competency before deployment.

Mandatory medical fitness, safety induction, and job-specific training for all personnel.

Valid work permits, residency documentation (Iqama), and statutory compliance for deployed manpower.

Continuous supervision, attendance monitoring, and workforce performance management.

Commitment to ethical employment practices, worker welfare, and a safe working environment.

Through strict compliance procedures and effective workforce management, ARKAAN CONSTRUCTION COMPANY ensures that every resource deployed is fully prepared to meet the operational, safety, and quality expectations of our clients.
